## FULL-TIME EXPERIENCE

### Web Design Manager, Product Designer

Brivity, BKCo,  
Bellingham WA, January 2017 - present

I began as a UX/UI Designer and took on responsibilities like designing new features, conducting user testing and creating HTML/CSS prototypes. I was then promoted and to oversee a new team responsible for designing all Brivity websites. I installed project management tools to streamline the back and forth communication between design and project managers.

### Graphic Designer

Creativebug LLC,  
San Francisco CA, August 2014 - June 2015

Design promotional graphics to be used on-site, in social media and email marketing. Contributed to photography styling, photography editing and typography treatment.

## CONTRACT EXPERIENCE

### UX/UI Designer

Comrade Agency,  
Oakland CA, June 2016 - August 2016

Establish final visual direction for product demo, and continue on post-MVP experience, icon library and style guidelines.

DesignMap Inc,  
San Francisco CA, November 2015 - January 2016

Redesign of the Charles Schwab EAC website; create high fidelity wireframes and accompanying visual guide.

Future Perfect Labs,  
San Francisco CA, September 2015 - October 2015

Assist with visual UI design for enterprise and data visualization products.
